British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,
The Edinburgh Review,
The North British Review,
The Westminster Review

—AND—

Blackwood's Edinburgh Magazine.

The wide spread fame of these splendid Periodicals renders it needless to say much in their praise. As literary organs they stand far in advance of any works of a similar stamp now published, while the political complexion of each is marked by a dignity, candor, and forbearance, not often found in works of a party character.

They embrace the views of the three great parties in England—Tory, Whig and Radical—"Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Radical. The "North British Review" is more of a religious character, having been originally edited by Dr Chalmers, and now, since his death, being conducted by his son in law Dr Hanna, associated with Sir David Brewster. Its literary character is of the very highest order.—The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals, Blackwood's Magazine being an exact *fac simile* of the Edinburgh Edition.

TERMS

For any one of the four Reviews,	$3 00 per annum
For any two do	5 00 "
For any three do	7 00 "
For all four of the Reviews,	8 00
For Blackwood's Magazine,	3 00 "
For Blackwood and three Reviews	9 00 "
For Blackwood and the four Reviews,	10,00 "

Payments to be made in all cases in advance

CLUBBING

Four copies of any or all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis.

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals. For this and other advantages secured to our subscribers we pay so large a consideration that we *may* be compelled to raise the price of the Magazine.

☞*Something may therefore be gained by subscribing early.*

The Great Remedy for Gonorrhœa

GLEET, Stricture and all analagous complaints, is Dr. **DOUGLASS'S ARABIAN PASTE.** Dr Douglass is well known, having practiced in the principal cities in ... during the last 40 years. His only reason ... ing the Paste in this public manner, ... seriousness that there are thousands of ... complaints in this city—thousands of individuals who are going down to premature graves by using the miserable drugs of quacks.

Dr D most solemnly affirms, that ... practice of forty years, this Paste has never ... single instance failed of effecting a ... days without any change of diet or hindrance from business. He has had some of the ... stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emancipated bodies and sallow countenances as we do at the present time.

☞In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office, No. 55 Union street, Boston, at $5 per box, where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

0,000 CASES

OF SCROFULA cured by it this year and **5,000** Cases DYSPEPSIA and HUMORS of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any other. It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated, Sickish and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better, Safer, Surer, and Cheaper than all others. THIS Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness, KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises **from Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities. And says

SIR BENJAMIN BRODIE,

Surgeon to the royal Family of England, that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury. What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Tumors,

where the flesh falls off the bones—the bones are diseased and the HAND OF DEATH seems ready to strike the sufferer. And the reason for this is that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not tamper with the patient or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent. Others only scatter, or back in the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors**, and Physicians always prefer it for the sake of its Superior ... Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made as the HEALING AID has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability to cure every Disease Affliction or Pain which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

Prepared by STEPHEN JEWETT, son of the late Dr STEPHEN JEWETT of Rindge N H

Principal Office,—No. 50, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman.

RINDGE N H, April 1, 1848

To all whom it may concern

I the undersigned do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death, and having been his nearest neighbor can testify to his medical skill and knowledge of Botany, with hundreds of others now living and that in the year 1814 I was afflicted with jaundice, palpitation of the heart, pain in the side and general debility so as to be *unable to attend to my business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Pills* and by their use was permanently cured. Since the above named time, I have used Dr Jewett's medicine with equal good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett of Rindge N H. I cheerfully recommend them to the public as safe and invaluable medicines,—all being composed entirely of vegetables. I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums. Try them, and judge from facts and experience. I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended of any that I have ever known.

EBENEZER BLAKE

DR STEPHEN JEWETT'S

Health Restoring Bitters.

These Bitters acting as they do upon the Stomach, Liver and Bowels removing all the morbid secretions, thereby purifying the blood and invigorating the digestive organs, not only cure diseases that already exist, but they also fortify the system against all attacks of disease. It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick. The remark is strictly true, for while the stomach and bowels are kept in a good condition and the blood pure, all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have occasioned perhaps fatal disease.

In order that the public may know that they are offered a truly excellent article, we append the following certificate which may be seen with numerous others, in their original by calling on the proprietor.

BOSTON, May 15 1848

To all whom it may concern—This is to certify that I have been for years troubled with a scrofulous humor which has been very troublesome, and was fast undermining my health, and had severe pains in the back, loss of appetite, languor and general debility.

A short time since I commenced taking Dr Jewett's Health Restoring Bitters and in a very short time my humors and pains left me, my appetite improved and my health has not been so good for years, all of which I attribute to Dr Jewett's Health Restoring Bitters.

(Mrs) J. H. RUSSELL, Beach Street

DR STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused, either directly or indirectly by diseases of the Lungs and Chest. Why is this great sacrifice of human life? How happens it that the brightest intellects, of the highest promise, the hope and support of declining years, are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer, Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases the Quinsy and Croup? Is it because those diseases are incurable? The cures will tell you these diseases can be cured—if taken in season.

It is true these diseases can be cured with almost absolute certainty—if taken in season. Everybody should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer.

The following certificate among numerous others which have been received are appended for the benefit of those who desire to see certificates.

WINCHENDON Mass March 10, 1848

Stephen Jewett—Dear Sir —I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have, that I have been entirely cured of a severe and long continued cough, by one bottle of your Pulmonary Elixer.—For months I have been a great sufferer. I had pain in my left side, sore throat, constant cough and raised a good deal of blood, making matter. My strength was gone, and my flesh was wasting away. I took many things without benefit and was steadily getting worse till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs.

Yours truly

THOS CUMMINGS

DR STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain, curing Lameness, Cramp, Pain or Weakness in the Back, Joints or Side, Rheumatism, Weak Stomach &c* and when used in connection with the Bitters in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders, and in the side and back, well known to those suffering with such diseases. This Plaster from the quantity and quality given is vastly cheaper than and superior to the "Poor Man's" or any other Plasters, and can be made any size wanted, without waste. One roll will make ... good sized Plasters. A single trial will be all the certificate necessary.

Interesting Religious Exercises on the occasion of the departure of a portion of our citizens for California.

There was a public meeting at the Hammond Street Church, on Sunday evening, on the occasion of the departure of a portion of our citizens for California.

The large church was thronged in every part closer and harder than ever before full half an hour before the time appointed for the meeting — The streets in the vicinity were then thronged with an eager company to get a hearing There were so many outside that it seemed impossible to them that the church could be so very crowded and for some little time there was quite a clamor to get in

Those intending to embark for California occupied several of the front centre pews Some twenty were present The occasion was one in which our people took an uncommon interest Rev Professor Shepard had been invited to address them The Young Men's Bible Society had made a donation of Bibles and several christian friends had given Religious Books &c and in their behalf Rev Mr Caldwell of the Baptist Church, had engaged to speak There was but little time given to any one for preparation the arrangements having been concluded only on Friday The deep interest felt in the exercises and the high gratification felt in the able and eloquent addresses have caused us to give to our readers a very full report

The exercises commenced by the voluntary singing of the following hymn by the choir, under the direction of Col William H Mills It was admirably performed—the most distinctly pronounced and the best choir singing we ever heard

Fading still fading, The last beam is shining
Father in heaven the day is declining,
Safety and innocence fly with the light,
Temptation and danger walk forth with the night
From the fall of the shade till the morning bells chime,
Shield me from danger save me from crime,
Father have mercy Father have mercy
Father have mercy thro' Jesus Christ our Lord Amen

Father in heaven, O hear when we call,
Hear for Christ's sake, who is Savior of all,
Feeble and fainting we trust in thy might
In doubting and darkness thy love be our light
Let us sleep on thy breast while the night taper burns,
Wake in thy arms when morning returns,
Father have mercy, Father have mercy,
Father have mercy thro' Jesus Christ our Lord Amen

A psalm was sung A portion of Scripture read and a prayer made by Rev Mr Herbert Another psalm sung The immense audience settled into silence

Professor Shepard then addressed the company substantially as follows —

I noticed in the remarks made by a clergyman in Boston to a company situated similarly with those who make the occasion which has brought us together this evening, the specific and good advice, that they read through the book of Proverbs once a month. The hints, the practical wisdom, the prudential suggestions this book abounds in, is truly wonderful You will find in a single pithy expression a mine of moral wealth This book is singularly profitable for the life that now is If I were to take a text for this discourse it would probably be from this book—and might very fitly be the following words, which are found in the 16 chapt 16 verse,—How much better is it to get wisdom than gold, and to get understanding rather to be chosen than silver *How much better is it to get wisdom than gold* Wisdom all through this book means true religion. Those qualities of heart, those attributes of the character which give to the person favor and acceptance with the great Creator It is implied in these words of the wise man, that there is something better than gold—something more valuable to its possessor And does the person exist who can doubt this statement, that there is something more valuable than gold, more valuable because it is something within the man who possesses it, an inalienable treasure, there is no corrupting it, and no robbers can reach it. You may kill that man and you only put him into the full and the eternal possession you raise him to the heirship of all things. *Wisdom* is the more precious thing, the love and the grace of God in his soul It did not cost him any thing, it was the gift of God, and God is ever ready to give it, though a gift, still the wealth of worlds would not buy it This is better than gold because it is within, it is one with myself, the soul's riches, my light, my comfort, my friend if I have no other, and when no earthly friend can be p me in that dread hour, it is my joy, my hope, my triumph, it is with me at death, and beyond death in that scene of life, my spirit's gain—an eternal crown But gold, is something outside My hands can handle it, but my beating heart can't feel it I hold it in my fist, put it in my pocket, I lock it in my safe, all carefully hoarded and held in the dark iron chest But I am in one place and my chest in another—we are separate In no way can I get it inside, the unpriced jewell here At length the key that has in charge my treasure, treacherously reveals its similitude, and then my treasure is gone It *was* mine, now the adroit scoundrel has it I will not prolong the argument—but flatter myself that I have made out the case in favor of wisdom, that it is something better than gold

It follows then that there is something to be sought before gold This stands legitimately with the preceding, if there is something higher, better, nobler, let that be sought first—that should be sought first, sought ultimately and for its own sake This first, and the gold will come afterward, if not, no matter; the want of it will never be felt But if you turn the thing about, you disturb God's order, and you will not have God's blessing The world puts forth gold first, wisdom, which is the principal thing will not come afterward There is no promise to this effect, it is a sort of reverse track and back doorway into heaven, which is no way at all God is a God of order, and he seems to lay a great deal of *stress* upon the order he has established Seek first the kingdom of God and all these things shall be added unto you It plainly follows as another remark, that Gold must be sought *secondarily* in order to be sought *safely*—secondarily in two or three senses—Secondarily to wisdom the great moral qualities and attributes Let wealth take the first place, and there is no telling what will become of the character and the soul, and the soul's amazing interests *This* taking the lead, it is very apt to vitiate and destroy

Again, secondarily, in the *sense of means* to an end, not *as an end*, but as the *means* to a worthy and honorable end, then the end will sanctify the means, but is, all *proper and honest* means As I desire the wealth and pursue it because I desire to *do* something for human relief and welfare, then only I proceed safely, if I show the sincerity of my benevolent *desire* by my benevolent *doing*

There is one other idea in this topic of a secondary pursuit, that *is secondary* in the *sense* of not *direct* Truth and faithfulness oblige me here to say, that a direct seeking of gold, this immediate searching and digging for it, is attended with peculiar moral dangers I do not say they may not be avoided, but they *exist*, and to avoid them, you must perceive, and admit that they exist. The history of our race speaks loudly and decisively on this point, and it utters one tremendous warning—it utters but one voice.—*Large* and fair portions of the world have been strown with the wrecks of men made by this passion In the direct pursuit, pilgrimage and the searching for the treasure, the *thirst* is apt to be greatly inflamed, because there is nothing between—there is nothing else thought of often, than the employment—this the profession—to get the gold—and if it is not got, nothing is gained, it is all a failure. The feeling is apt to spring up, as the passion grows stronger, that we must have it, and the resolution fixed, we will have it. In some way and from some quarter, we will have it. This is the natural working of the thing; what follows, in some cases, I need not detail to you But it is not so, there is not this peril by no means to so great extent, if one seeks money mediately In that case, he seeks it in the discharge of some useful profession, in the exercise of mechanical skill, or in the cultivation of the soil He is *accomplishing* something, while he is getting gold If he does not get the good, he has done the good The seeking here being indirect cannot be so intense—there are other objects, and feelings to modify it and break its force In the one case, it is employment, in the other case it is sometimes piracy, I trust and believe it will not be so with our friends who go out from us At the same time I believe, if they live to get there, they will find it so with many they will meet there, they will meet there in many quarters, a fiercely piratical spirit, a spirit that will seize the gold, wherever the gold can be found, and if necessary will wash it in the blood of those who took it from its native bed Such spirits gold will draw around its pregnant mines, and such a spirit will gold nurture in the breasts of those who give it the throne and the supremacy, and bring principle into subjection to it, and who mean to have it, and resolve to have it and will have it The character goes, and God is renounced This our God shall come to us We say these things because we deem them facts, and facts which must be encountered by those who are going out from among us, and which it is well to consider in the original estimate, purpose, and plan

My remarks thus far will be taken perhaps, as going to depress the importance, the relation and value of this shining thing And some perhaps will be led to say, that it it is not really the best, the essential thing—if there are these draw backs, and these dangers, then it is not on the whole worth going after *We say* it is not all, gold the one thing, and the only thing, it is not worth going after, will not pay the exposure, the peril, the cost To any friend of mine who should ask me I should say, if this is all, stay at home But it need not be all, it ought not to be all, and I trust with those before me, it is not all

In going to this distant land there are other objects to ... beside gold objects better, higher ... precious than gold, let the gold be in subjection ... and in furtherance of these and all may be safe There is certainly something remarkable something Providential in the opening of this region at the present time—a region which if filled with the right ... spirit ... and that ... may reform and regenerate the whole eastern world Why, asks an attentive and comprehensive philosophic observer—Why has the world been so long allowed to slumber and has just now waked up to the commercial and other elements of importance in this region? Why has not the grasping hand of Britain long ere this seized on the fat vales of the Sacramento the San Joaquin and the San Jose, and the broad uplands that skirt them for her starving multitudes? Why have these gigantic forests those herds of cattle those rich mines, those fisheries those agricultural resources, been left so long to a few inefficient Indians and Spaniards Does it not seem as if Providence had been keeping these regions from the attention of the great nations, until a thoroughly *Protestant* people could occupy them? And now that the country is prepared for occupancy—who can view without astonishment, the overruling power of God in filling it with people Besides the usual motives which lead men to seek new territories, such as commercial enterprise, political aspirations and the love of adventure, he has let loose upon the human soul some of the most exciting and powerful impulses—the hope of sudden wealth from recently discovered gold, causing men to run thither, not merely the refuse of eastern society but in an uncommon degree, the young, the robust the skillful, the educated, and even the religious—so that there is a prospect that States will there spring up which shall know no infancy—scarcely any youth, which shall leap into being almost full grown, possessing at once the literature and the arts of their Atlantic sisters, and ere long, we trust, their institutions of religion

See we not in all this the hand of god?' See we not in all this that there is something beside gold to go there for something beyond, and nobler We do not discourage a proper attention and regard for the precious metal, but we say we repeat, seek character first, and hold it in its untarnished integrity Seek God first—first the kingdom of God and his righteousness, first your own welfare—and all human welfare within your reach—these the end and gold the means—it is base as the sands with which it is mingled except as the means to a noble end

Before closing may I be allowed to a few specific suggestions to those who are so soon to leave us and their immediate friends for those distant and tempting regions I suppose if a hundred men men should speak here and put down articles of advice, they would all be substantially the same And I feel what I may now say is in the name and with the emphatic coroboration of hundreds of earnest, and many anxious hearts And my pilgrim friends—for you go on a sort of pilgrimage, would place at the beginning, and bottom of every thing, the importance of a solemn, heartfelt recognition of the Providence of God, and of your dependance upon Him for success and ultimate deliverance in your undertaking The service of this evening is, pleasant to us all as indicating on your part such a recognition and dependence Let it be carried out and let the sense of dependance upon His favor lead you to acknowledge Him clearly in prayer personally and socially There is a beauty and a fitness in this sweet privilege in prayer and power too, for I believe it will bring to you protection and a blessing

Another wholesome feeling for you to cherish and deepen, is a sense of your responsibilities You will have the responsibility of yourself your character your soul, as you never had it before This responsibility, of your character your soul when away from christian influences from the restraints and imbuings which come upon you here and when assailed by temptation in its fiercest storms—this responsibility if you feel it you will find it a heavy responsibility I fear, sometimes that the region you are going to, will become a great slaughter house of character and of souls I am sure that it is a place to which you cannot go safely unless you go fortified entrenched in tried moral and religious principles

This is one important thing to be considered if you would successfully sustain those responsibilities, and so preserve your character and save your souls, that you carry with you sound moral and religious principles I do not prescribe any Creed—any further than to name the doctrine of the all Seeing Eye—that wherever you go the sentiment live within you—that God sees you—and that you will give account to him for all the deeds done here in the body, and receive at his hand according to what you have done, whether it be good or evil If you throw overboard these doctrines of the Divine inspection and a future retribution, or throw them out of your mind and your thoughts, it will not be difficult to tell what, in your case, the end will be

It will be well, if to use ... bring out together would for the purposes of good order and good influences, ... themselves into a sort of community based on principles and governed by rules which shall be in force while you remain together This has been done in some instances and it must appear to all as a most cheering sign

Let it be a *temperance community* Your company made up wholly of temperance men, by all means, established principles, committed here Each one, earnest and whole hearted on this platform, and if any one has not taken the pledge let him take it let him before he starts, bind himself, by this better, brighter than a golden chain. If there are any who hesitate, we say to such, in all soberness you are *dead* men if you go out as *drinking* men these two mighty thirsts, the thirst of gold and of strong drink, meeting in you, and your meeting there an unaccustomed climate, will assuredly overthrow you

Again.—Let it be a principle in your company to reverence and not *profane* the name of God This follows from the other There is certainly hope of this—reverence and decency of speech, if the law of temperance prevails, and reigns, but no hope at all, if rum comes to fire the brain and the tongue That throat, out of which as an open sepulchre, nauseous oaths are poured and nasty language, is a throat you may depend upon it, will pretty often with this fiery and hellish compound.—A capital by law to be enacted would be '*no profane* nor obscene speech allowed in this company' Another rule which should shut out the vice of gambling would be very salutary, and ensure in the end a large measure of respectability and comfort. This practice ought to be kept out, for it degrades the man, it awakens bad passions, extinguishes all kindly sentiment, and cuts all the social ligaments.

An observance of the Sabbath may well be another fixed principle and practice. The man who recklessly tramples down this day, may not be surprised, if the God of the Sabbath turns upon him and tramples down all his cherished plans, and blasts and blows away all his fond expectations. The widest induction of facts will demonstrate, I believe, that there is nothing lost in this world by keeping the Sabbath Ship a good, old fashioned New England Sabbath with you, and when you land at San Francisco, let it land with you, and go with you, and it will give you rest, and peace, and prosperity.

We hope you will take with you New England principles and habits, and the New England character and be good specimens on those distant shores and among those motly groups, of New England men, and there increase and diffuse as you can the New England element. Something better than gold will be gained if those who go there will lay the foundation of another free, protestant, christian State Every man who goes, has upon him a responsibility of that sort Let him, when there, respect and co operate with the christian missionary and the faithful minister of religion—for it is not improbable that many who go there, will need sooner than they think the special consolations and the and final obsequies of this blessed religion Go we say, not in the spirit of single separate gloomy selfishness, but with generous and philanthropic enlargement, as a band of brothers Your hearts all linked together into one firm, massive, fraternal chain So far as meeting trouble is concerned make common cause administering to each other's necessities, watching and nursing in each other's sickness

Not only be kind but respectful and courteous in your intercourse; when away from the peculiar influences of home, there sometimes springs up an unseemly coarseness and rudeness—an unhumanizing tendency, which we trust you will resist and be kind gentle courteous, observing all the little delicacies, and proprieties of life Let me remind you, as I close and pray you not to forget, that while you go for wealth you carry an amazing portion with you You carry that with you which all the gold of the Sierra Nevada could not begin to buy In grasping for this, beware that you do not lose the other—the priceless, deathless thing, the uncomputed treasure of your immortality. We speak of exposures that you may be careful, that you may watch that you may pray

You leave behind, some of you I doubt not, hearts that will not cease to pray for you—hearts it may be that ache at the thought of your going—of the fortunes the adventures and the peril, These hearts look up and fear and hope as they point you and commit you to that Divine Friend—it is uncertainty and gloom and exposure every where else—but safety in that great Redeemers heart, and that mighty Redeeming arm Secure an interest then Do it now—this hallowed hour witnessing the unalterable choice Christ your Guide and your defence—the Friend who will encircle you and keep and comfort and eternally save—all this if you but trust in Him Be the last index of my finger to *point* you to Christ

Rev Mr Caldwell, of the Baptist Church in behalf of the Young Men's Bible Society and Christian friends, presented to the company several bundles of Bibles and religious books, and delivered an eloquent address, happily adapted to the occasion He spoke very nearly as follows —

Some though not all no doubt, gentlemen, have anticipated, as it is likely you have, your long and weary way to the other side of the continent We have gone out with you through storm and calm, through the heats of the Line and round the stormy cape, and in imagination reproduced the leisure perchance lonely and wearisome hours of your six months exile from all but your own society Doubtless you will find something in the scenes and society to interest you The monotony of sea-life will sometimes be relieved as you sail over strange waters and under strange skies Other constellations will look down upon you out of the southern heavens Your small company will furnish out each day with some incident to amuse or some recital of experience to instruct But the sea and the sky will grow familiar and for the time your too frequent intercourse with each other will become stale and unprofitable

And we have thought that in such hours the company of good books would be a blessing, that in these you would find the advantages of friendly and instructive intercourse For, to adopt a thought of Mr Macauley, they subject us to none of the annoyances or inconveniences of other friendships They are never petulant, sullen, or tedious They come and go when we wish And if they be good books, they bring us into intercourse with the wise, and the gifted, and the good They gather round us the master-spirits of all times, to enrich us with their choice, recorded wisdom — Thus the dead and the distant speak to us and fill the hours with instruction and delight — They will not suffer the wits to rust in indolence, the thoughts to stagnate for want of ventilation They will keep off the scurvy of the mind We therefore offer you some volumes to be the tokens of our sympathy and the ministers of good They may not be such as you yourselves would have selected, but for all that, not one of them is meagre, or vapid, or corrupting It is a pithy saying of Lord Bacon, that 'there are some books to be tasted, others to be swallowed and some few to be chewed and digested' These are rather of the latter class And if they be like gravel stones to the corrupt taste and a foul mind, they will be solid and sweet food for the hungry and robust one

You will find them colored and infiltrated with a religious spirit For we count religion the grand interest and chief concern of human life It gives dignity to character and sheds a richer grace round all culture It is the companion of the ... story and a light to the sad It gives peace to the guilty and comfort to the dying. It is was all virtue with godliness, and to all riches adds a more valuable and enduring treasure It is religion that gives worth to life and lays the foundation of all personal and social well being The tempted need its restraints and the traveller needs to be shod with its preparation and guided by its light It renews, enlightens, adorns and fortifies human nature And believing this, our parting gift is ... with its salutary influence You are going away from the House of God, if not from the Sabbath and some services of religion You are banishing yourselves from the influence and valuable restraints of christian ... and society But by these you may carry with you what shall partially take their place—Baxter shall preach to you as once he did from the pulpit in Kidderminster Sermon and treatise shall keep in memory the instructions of the sanctuary, and the religion of your fathers and your home

And you are going where you will need whatever of strength and courage and grace such books can give In the mixed society of California in the filthy and discolored streams that shall flow in there from all lands, you will need whatever will keep you true to your hereditary character, your own virtue and the God whom no new and strange society can expel from the place

You will if all signs do not fail us, be put into the fire and your temper will be tried And there is no assured safety for you but in principles bedded and rooted as those mountain ledges, in religion, in the fear of God, in the faith of the gospel You might as well venture into battle with a lady's fan, as to go into such society, and into such temptations without religion and virtue

You will have occasion to bless God, I doubt not, that you were born in New England, that its cold winds blew strength into you, and its education gave you manly self-reliance, and skill to manage emergencies, and courage to dare and do whatever is right, that you have received a New England nurture and were born of its blood and have inherited its qualities of mind and body.

And remember that New England mind and character and society is such as it is because of the Bible Our fathers constructed their civil state on its everlasting principles, and it has sent up its influences into all that has grown upon our soil It is at the root of all our real goodness or greatness It is the parent of all in our character or history that has honored human nature, and sent out a light and an influence to the blind, struggling and idolatrous races of man. The Bible, the Bible, has made New England the best place to be born in, on the whole round globe

And we give you the Bible The Bible,—God's best gift to the human race! The Bible, —man's light-house in the night of time, in this stormy and dangerous sea, we are crossing. The Bible,—a sun out of heaven, coming down into our firmament, to shine with the lustre of eternity on man's darkling way; no earth-born meteor, but an eternal light, steadfast, and lofty as the stars. The Bible,—the miner's safety-lamp amid poisonous gases and explosive fire-damps The Bible,—richer than the mountain streams of the Sierra Nevada, in an everlasting wealth Take it then; take these books as a gift from us to your everlasting souls Use them, and when you separate when you have done with them, send them on some mission of good to the careless, superstitious and ignorant men around you It you die, may they shine into your closing eyes and light you to the All merciful Redeemer — And with them we give you our sympathies — For as you go, you shall not break the chain that binds you to us For still you are ours, born on our soil nurtured in our society, subjects of a government which binds together the two shores, though mountains rise and deserts stretch between. We, on the Penobscot, and you on the Sacramento sustain the same laws uphold the same principles of liberty, and God grant it the same religion

You go as men ought to go, on your own decision or about your own business, and whatever criticism we have on your purpose or its wisdom, we give you our cordial God speed May God give you bright skies and favoring winds, and health and good feelings and mutual confidence May his wing over hid ..., and his hand uphold, and his smile cheer, and his wisdom guide you, and his grace everlastingly save your souls'

As soon as Mr Caldwell had concluded his address Capt Charles L Wiggin one of the company bound for California stepped upon the platform in front of the pulpit and accepted the books and returned thanks in behalf of his associates

We cannot express to you sir said he addressing Rev Mr Caldwell, as we could wish, our feelings upon this occasion It is a source of deep gratitude to us to see when about to take leave of our friends that they are not unmindful of us *Permit* me, sir, as speaking the sentiments of this company, to tender to you and through you to the kind friends who have presented to us this valuable testimonial of their regard, our most grateful acknowledgements These books we accept with heartfelt thanks We will peruse them, and endeavor to profit by them and they shall be to us when far away, a pleasing memorial of those friends we leave behind To you sir, and to the Reverend and venerated friend who has so kindly and faithfully addressed us on this evening, we tender our sincere thanks We are about to undertake a long and dangerous voyage and we ask of you, and of our friends one and all, an interest in your prayers for our safety and our success

Manufactures.

The Bangor Whig urges the importance of investing capital in manufactures in that city and on the Penobscot Undoubtedly this would be very desirable, but who is going to invest any money in manufactures while the present tariff is in operation? Who wants to be hunted and abused by the Locofocos, denounced as an aristocrat and a "capitalist, and lose his money besides? The lumber business of Bangor stops because, and only because the manufactures of New England are checked and struggling for existence The Market for Maine lumber is mainly in Massachusetts, Rhode Island and Connecticut When these States stop building from any cause, the lumberman feels it immediately The cause why they have stopped now may be easily found in the increased imports of foreign goods under the tariff of 1846 to the amount of thirty or forty millions, which, if we had made ourselves we should have been in demand, and we should have had money to build our railroads But we must pay the penalty of being governed by small beer Locofoco politicians, following implicitly in the wake of south ... slaveh... free trade theorists, whose grand policy is to *cheapen labor* and reduce the *costs of production* to the lowest, possible amount —[Ken Journal

I want to go Home.

BY RICHARD COE, JR

'I want to go home!' said a weary child,
That has lost its way in straying,
Ye may try in vain to calm its fears,
Or wipe from its eyes its blinding tears,
It looks in your face, still saying—
'I want to go home!'

'I want to go home!' said a fair young bride,
In anguish of spirit praying,
Her chosen has broken the silver chord—
Hath spoken a harsh and bitter word,—
And she now, alas! is saying—
'I want to go home!'

'I want to go home' said a weary soul,
Ever earnest thus 'tis praying,
It weepeth a tear—heaveth a sigh—
And upward glanceth with streaming eye
To its promised rest, still saying
'I want to go home'

WASHINGTONIANS

Meet at the CITY HALL, every MONDAY EVENING.

MARRIED.

In this city, 21st, by Rev. Mr Caldwell, Mr. William A. Harvey, of Brighton, and Miss Nancy Richards, of Bangor.

BY TELEGRAPH FOR THE WHIG AND COURIER.

HIGHLY IMPORTANT FROM THE GOLD REGIONS!

New York Jan 22

By the late accounts received at Washington from California it is stated that many merchant vessels had been deserted by their Captains and all hands All Government vessels on the coast were short of hands Nearly the whole of the third Artillery had deserted Oregon and the Sandwich Islands were pouring a large population into California Provisions were extremely scarce and much sickness from fevers prevailed Gold was becoming still more plentiful and lumps of ten fifteen and twenty five pounds had been found — The mines extended according to some accounts one thousand miles The Express which brought the above accounts reached Washington in 64 days from Monterey The despatches were conveyed from the mineral region by a sailing vessel to Mazatlan—thence by the city of Vera Cruze to New Orleans

Mr Hale Editor of the New York Journal of Commerce died at Fredericksburg, Va on the 20th instant

The Southern Caucus had another meeting on Saturday evening A report drawn up by Mr Verrien was submitted which is legal in its character and mild in language and argument and addressed in a spirit of conciliation, alike to the North and the South This report is offered as a substitute for the report of Mr Calhoun

Fifty thousand persons have fallen victims to Pulmonary Consumption in the cities of Boston, New York and Philadelphia during only thirty years, as the bills of mortality will show.

But a remedy for Consumption—and a perfect one—has at length been discovered The Hungarian Balsam of Life is a medicine of acknowledged efficacy in this disease, both in Europe and America. That it has cured and will cure Consumption in its most dangerous forms, there is abundant and conclusive evidence.

Pamphlets respecting this Great English Remedy may be had gratis of DAVID BUGBEE and G W. LADD, only agents in Bangor 3td&1w—j12

Ayer's Cherry Pectoral,

For Coughs, Colds, Croup, Asthma, Hoarseness Hooping Cough Bronchitis, and CONSUMPTION!

The Remedy that Never Fails!

TRULY Truth is stranger than Fiction' CONSUMPTIVES, READ THIS!!

Norwich, Conn April 26 1848

Dr J C Ayer—Dear Sir —Agreeable to the request of your agent, we will cheerfully state what we have known of the effects of your CHERRY PECTORAL, and they have been astonishing indeed Mrs Betsey Wheeler had been afflicted with a severe and relentless cough, which reduced her very low so low, that little hope could be entertained of her recovery Numerous remedies had been tried without effect, before the Cherry Pectoral That and that alone, has cured her George Wilkinson, Esq, had to our knowledge been a friend with Asthma for eleven years and grown yearly worse, until the Cherry Pectoral has now removed the disease, and he is as free from any of its symptoms as we are The Rev Mark Daniels had been so severely attacked with Bronchites as to disable him from his public duties, and nothing had afforded him relief until I (Mr Corning) carried him a bottle of your Pectoral which cured him at once, and he now officiates as usual in his place These are three of the cases in which we have known it successful, but never to fail We have great pleasure in certifying to these facts, and are, respected sir, your humble servants

REV. DAVID CORNING, Pastor of Preston Plains Church
HON JOSEPH CASTLES Ex, Mem Sen Fr Preston

Nothing has been offered to the public on which they can so surely depend for relief and cure as this elegant and truly wonderful preparation Indeed, there is now every reason to hope an infallible Remedy has at length been found for the scourge and terror of our climate—Disease of the Lungs.

Sold by SARGENT & EMERSON and G W LADD, Bangor—and the Druggists generally.

DR. CUMMINGS'S Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective

Tar Dock, or rather a species of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he conceived the idea of uniting them, which has resulted in the production of the compound In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed The extract must to be relied on and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofulas Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtaxing the physical powers, and other abuses of the constitution among which are Neuralgia, Piles Affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion

In diseases of warm climates, with which the proprietor becomes familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative.

The medicine has been for some time in use in this city, where the proprietor has resided nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

Prepared only, by Dr Stephen Cummings, and sold at wholesale and retail by Joshua Bargis & Co No. 143 Middle street, and Edward Bisco, No. 185 Middle street—only agents for Portland.

Sold in Bangor by G. W. LADD and JOSEPH S INGRAHAM.

DR. CHRISTIE'S GALVANIC BELTS, BRACELETS, AND MAGNETIC FLUID.

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be *the most valuable medicinal discovery of the Age*

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

to be used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the wearied body giving tone to the various organs and invigorating the entire system Also in

FITS, CRAMP, PARALYSIS AND PALSY,

Dyspepsia or Indigestion,

RHEUMATISM, Acute and Chronic, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST,

Liver Complaint,

SPINAL COMPLAINT, and CURVATURE of the SPINE HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS AND PHYSICAL ENERGY,

and all

Nervous Diseases,

which complaints arise from one simple cause, viz:

A Derangement of the Nervous System.

☞ In NERVOUS COMPLAINTS Drugs and Medicines *increase the disease* for they weaken the vital energies of the already prostrated system, while at the same time the strengthening life giving vitalizing influence of the Galvanic Fluid as applied by this beautiful and wonderful discovery the exhausted patient and nervous sufferer is restored to former health, strength electricity and vigor

Dr. Christie's Galvanic Curatives, consists of the fact that they arrest and cure disease [illegible] *them* in the usual mode Purging or Physicking the patient into exhaustion Nature links hopelessly under the operation *They strengthen the whole system, recalling the energies of the body, giving vitality to the nerves, and restoring the blood to its healthy circulation* and are the only *safe, speedy and sure* mode of introduction into the United States only [illegible] more than

60,000 Persons

including all ages classes and conditions, among which are a large number of Infants who are clearly subject to Nervous Complaints have been

ENTIRELY AND PERMANENTLY CURED,

when all Hope of relief had been given up as useless and nothing else been tried in vain'

To illustrate the use of the GALVANIC BELT, we take the case of a person afflicted with that horror of civilization DYSPEPSIA or any other chronic or Nervous Disorder In ordinary cases stimulants are taken which by their action on the nerves and muscles of the stomach afford *temporary* relief, but which leave the patient in a lower state and with injured faculties, after the action thus excited has ceased Now compare this with the effect resulting from the application of the GALVANIC BELT Take a Dyspeptic sufferer, even in the worst symptoms of its attack and such is the Belt around the body, using the Magnetic Fluid as directed In a short period the insensible perspiration will act on the positive element of the Belt thereby causing a Galvanic circuit on which will pass on to the nerves and thence back again to the positive thus keeping up a continuous Galvanic circulation throughout the system Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED A FEW DAYS IS often AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS

Certificates and Testimonials

From the most Respectable Sources,

Could be given sufficient to fill every column in this paper' We make a few selections The first is an

EXTRAORDINARY CASE

and conclusively proves that

"Truth is stranger than Fiction."

The following letter narrating one of the most remarkable events in the annals of Medical Science is from the

Rev. Dr. Landis, a Clergyman

of New Jersey of distinguished attainments and exalted reputation —

Sussex New Jersey July 12, 1848

Dr A B Christie—Dear Sir You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows

For about *twenty years* I had been suffering from Dyspepsia Every year the symptoms became worse nor could I obtain permanent relief from any course of medical treatment whatever My physicians were skilful and excellent men, but both their prescriptions failed About *fourteen* years since in consequence of frequent exposure to the weather in the discharge of my pastoral duties I became subject to a severe Chronic Bronchitis which for years after I was constantly under the care of my physicians sometimes obtaining great relief, but this relief was only temporary Further in the winter of 1843 '44, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors My *nervous system* was now thoroughly prostrated and as my Bronchitis became worse so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System My sufferings were indescribable and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors to which my soul has ever found the highest of her joys

But reasoning from effect to cause I concluded that the *Nervous System* must be reached, before any benefit could be indulged in by obtaining relief from those most distressing maladies In the whole pharmacopœia there seemed to be no remedial agent which could reach and restore the Nervous System every thing that I had tried for this purpose had completely failed At last I was led by my friends to examine your inventions and (though with no very sanguine hopes of their efficacy) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID This was in June 1848 To MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPTIC HEADACHE, IN EIGHT DAYS I WAS ENABLED TO READ MY PASTORAL LABORS, FOR HATE I HAVE OMITTED A SINGLE MEETING ON ACCOUNT OF THE BRONCHITIS, AND MY RHEUMATIC AFFECTION HAS CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*, the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection *is entirely cured* Such is the wonderful and happy results of the experiment

I have recommended the BELT and FLUID to many who have been likewise suffering from neuralgic affections. They have tried them, WITH MARVELLOUS RESULTS IN EVERY CASE.

I am, dear sir, very respectfully yours,

ROBERT W LANDIS

☞ Many hundred Certificates from all parts of the country of equally extraordinary character could be given.

☞ No trouble or inconvenience attends the use of *DR. CHRISTIE'S GALVANIC ARTICLES*, and they may be worn by the most feeble and delicate with perfect ease and safety. In many cases the sensation attending their use is *highly pleasant and agreeable* They can be sent to any part of the country

SPITTING BLOOD.

New York, April 28, 1847

Dr Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats and was greatly debilitated and reduced, and did not expect to live — I have only used your Sarsaparilla a short time, and there has wonderful change been wrought in me I am now able to walk all over the city I raise no blood, and my cough has left me. You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 61 Catherine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cunningham, Esq, one of the assistants in the Lunatic Asylum, Blackwell islands, is the gentlemanly agent of the following letter

Blackwell's Island, Sept 14, 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk I had the almost distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good I am as much better—and indeed I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours very truly,

JAMES CUMMINGS

FITS! FITS FITS

Dr Townsend not having tested the Sarsaparilla in cases of Fits, of course never recommended it, and was not asked to receive the following from an intelligent and respectable Farmer in Westchester County

Fordham, August 13, 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was so very delicate at birth, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful Yours, respectfully,

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervousness of the female frame, which is the great cause of Barrenness — It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring.

TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared as reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life,*" should neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it indispensable It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine— a some a little Castor Oil or Magnesia is useful. Exercise in the *open air* and light food with this medicine, will always insure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used to stupify, constitutes its own production in the "human face divine," as well as is the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the blood or if a coarsening of the pore, rich blood to the extremities, be that which paints the countenance in the most exquisite hues and tints. It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe. This beauty is the offspring of nature—not of *powder or soap.* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paints and uses cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she is brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexion, you should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females, &c., &c.*, and have copied our bills and circulars which relate to the bowels, but of women not a word for women—for such we consider medicine has no business with. Read the great successes of Dr. Townsend's Sarsaparilla in the complaints incident to females, recommending them, although in principle they did not. A case in point. These Mixtures, Pills, &c., are injurious to females, as Sarsaparilla, Dandelion, and Guiacum are the principal articles.

In [illegible] Dr Townsend's Sarsaparilla has perfect control over such obstinate diseases of the blood These persons cured in our house is unprecedented

TEN CHILDREN.

Dr. Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores; have taken only four bottles, it took them away, for which I feel myself under great obligation Yours respectfully,

ISAAC W CRAIN, 106 Wooster-st.

OPINIONS OF PHYSICIANS.

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns Warts and Common Sores, and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of All-Healing Ointments and 'Panaceas' that are now advertised as the *"most effectual"* and *certain cures* for all diseases indiscriminately to which man or animals are subject

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add that we have undertaken the task of manufacturing the above named Salve it no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of personal friends, and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we'll flatter ourselves that if, Orsooth, we are richly paid, and the article soon very soon has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty *puffing of the Press,* or the 'though certificates' of individuals and shall make use of them only so far as they have been or hereafter may be entirely *voluntary and unsolicited*

The Salve is now before the Public!

They, and they alone will decide upon its real virtues and medicinal properties To say less were an insult to purchasers—to say more would be superfluous

Here are some of the many Certificates —

"The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1846 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A W McKenney and continued its application until I had used Six bottles which entirely cured me, and I have had no return of the disease since I feel also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

The certifies that one of my sons having been afflicted with a Fever Sore for more than a year and having tried various means to effect a cure without success which cost me about forty dollars I bought 1 box of JONATH McKENNEY'S SALVE which effected an entire cure in less than two months
